Summer Specials w 4th Night FREE
Turtle Season in Baja
FREE Los Cabos Travel App

Dear Travel Friends,

August is coming to a close, and school season has begun. But that doesn't mean that the summer needs to end as well.. In Los Cabos we are lucky with 350 sunny days per year, which means that the summer extends throughout the year. Prolong your summer memories and visit us in Cabo San Lucas, even if only for a prolonged weekend. We have a selection of beautiful private villas and residences, which offer 4th night free for stays until October 31. So don't miss the opportunity, enjoy the summer!

With our hand-picked selection of great offers, you can choose more for less this summer. Check out our [summer specials](#) and come to Cabo!

P.S. Even though December holiday season feels far away, hurry with your bookings. We are booked up for New Years, and have limited availability for Christmas and Thanksgiving. Send us your choice of dates and we'll find a Villa for you!

Happy Travels!
Melissa Verdugo
